

Seed Donations

The 30+5 Program, in conjunction with the Master Gardeners, is looking to improve and expand the Springfield Family Center's garden this year. If a class is looking to help out with this initiative, 30+5 will give them seeds and instructions. Children can grow the starter plants that will later be transplanted into the garden. All the produce grown will be donated to the Springfield Family Center, Food Shelf, and the local schools for school lunches.

To receive your seeds and start planting, call 30+5 at 802-885-2126 or contact by email Coordination Nancy Schaefer at nschaefer@svahec.org or Project Assistant daylyn finnegan at dfinnegan@svahec.org.
